### TO WHOMSOEVER IT MAY CONCERN

This is to certify that we have installed the THERMEX COOLING SYSTEM of our collaborators M/s Hennigsdorfer Stahl Engineering GmbH, Germany at HY-TUF STEELS, Vadodara and it is the same as THERMEX system installed by us at the merchant mills of Durgapur and Bhilai Steel Plants of S. A. I. L.

The THERMEX SYSTEM installed at Hy-Tuf enables them to produce high strength deformed bars - with uniquely high elongation - of international quality as suitable for use in earthquake zones.

For H & K Rolling Mill Engineers Pvt. Ltd.,

Raj K. Markan  
Chairman & MD,
